Author index

Bishop R. G., Byfield D. & Bolton J. E.: Professional paper: A preliminary investigation into the relationship between lumbar sagittal mobility and pelvic mobility, 3
Bolton J. E. (*see* Bishop R. G.), 3
Breen A. C. (*see* Brown R. A.), 21
Breen A. C. & Langworthy J. M.: Professional paper: The MRC trial and the economics of UK chiropractic, 59
Brown R. A., Breen A. C. & Nilsson N.: Professional paper: Polymyalgia rheumatica: its prevalence and recognition in an elderly female chiropractic patient population, 21
Byfield D. (*see* Bishop R. G.), 3
Byfield D.: Professional paper: Lumbar manipulative procedures in relation to segmental specificity and biochemical properties of the motor unit, 13
Byfield, D.: Professional paper: Cervical spine: manipulative skill and performance considerations, 45
Byfield D., Mathisasen J. & Sangren C.: Professional paper: A preliminary study investigating the accuracy of bony landmark identification in the lumbar spine, 105

CRJEC: A report from the Chiropractic Research Journal Editors' Council, 33
CRJEC: Report from the Second Annual Meeting of the Chiropractic Research Journal Editors' Council, 111

DeZoete A. M. (*see* Thorkeldsen A.), 99
Diem C.: A letter from the President of the ECU, 1

Jamison J. R.: Professional paper: Motivational factors in continuing self-education, 27
Jamison J. R.: Professional paper: Traditional versus contemporary examination formats: a debate, 91

Keating, J. C., Jr: Professional paper: The embryology of chiropractic thought, 75
Keating J. C., Jr: Letter to the Editor, 115

Langworthy J. M. (*see* Breen A. C.), 59
Leyson S. M. D.: Book review: *CRAC: Chiropractic Research Abstracts Collection*, Vol. 4 (ed. by J. P. Mrozek & M. E. Schafer), 73

Mathisasen J. (*see* Byfield D.), 105
McCarthy P. W.: Book review: *The Anatomical Basis of Low Back Pain* (by L. S. G. Giles), 117

Nilsson N. (*see* Brown R. A.), 21

Sangren C. (*see* Byfield J.), 105
Skippings R.: Letter to the Editor, 71

Thorkeldsen A.: Professional paper: Traumatic spondylolistheis of the axis, 53
Thorkeldsen A. & DeZoete A. M.: Professional paper: Spontaneous osteonecrosis of the knee: a case report, 99

Wight S.: Book review: *Migraine Headache Disease* (by C. W. Theisler), 73

Subject index

Assessment, student, 91

Biomechanical properties of the motor unit, 13
Bony landmark identification, 105

Cerebrovascular accidents, 45
Cervical spine, 45
Chiropractic, 27, 45, 53, 59, 75
Chiropractic Research Journal Editors' Council, 33, 111
Continuing self-education, 27

Dysfunction, 45

Economics of chiropractic, 59
Education, 27
Essays, 91

Giant cell arteritis, 21

Hangman's fracture, 53
History of chiropractic, 75

Knowledge, 27

Lumbar manipulative procedures, 13
Lumbar sagittal mobility, 3
Lumbar spine, 105

Manipulative skill, 45
Manipulative technique, 45
Motor unit, biomechanical properties, 13
MRC trial, 59
Multiple-choice questionnaires, 91
Myofascial pain, 21

Osteochondrili dissecans, 99
Osteonecrosis, spontaneous, 99

Pain, neck and shoulder, 21
Pelvic mobility, 3
Polymyalgia rheumatica, 21

Questionnaires, multiple-choice, 91

Science, 27, 91
Segmental specificity, 13
Self-education, continuing, 27
SONK, 99
Spondylolisthesis, traumatic, 53
Spontaneous osteonecrosis of the knee, 99
Student assessment, 91

Traumatic spondylolisthesis of axis, 53
